

Spokane County Urban Growth Area: Regional Land Quantity Analysis

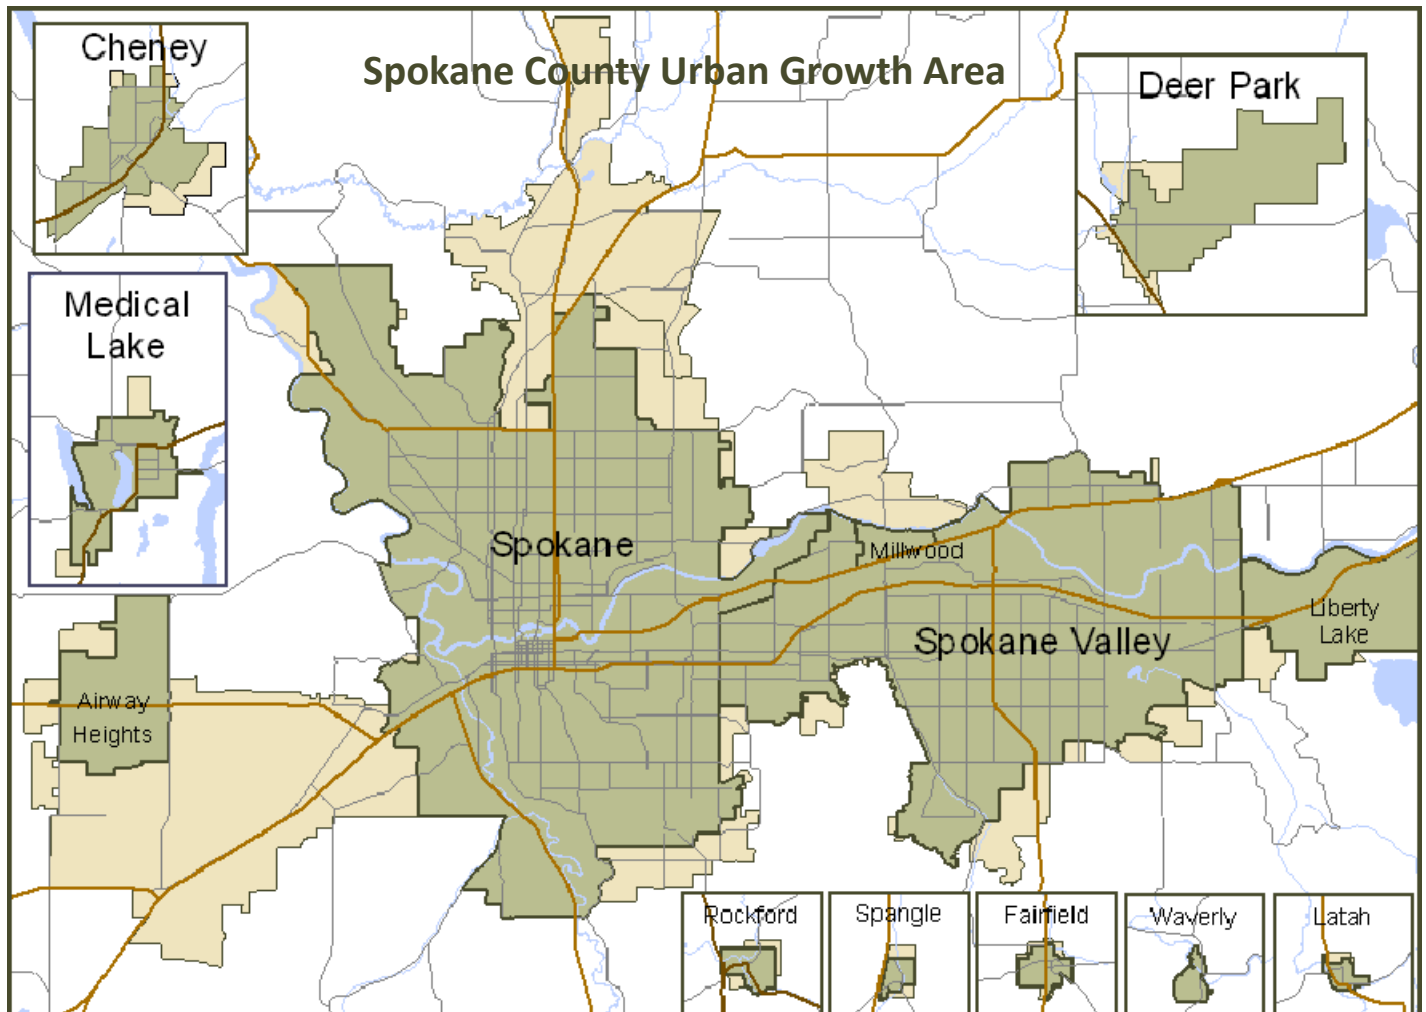

Spokane County and its cities and towns are collaborating on a 10-year regional review of the Urban Growth Area to determine its ability to accommodate growth and development for the next 20 years. Land quantity studies that determine the overall capacity of the current UGA to meet the projected needs for residential, commercial and industrial uses were recently completed and the results of these studies will be the focus of the Open House.

You are invited to learn more at the Open House

Wednesday, October 13, 2010

4:00 pm until 7:00 pm

Spokane County Public Works Building Lobby
1026 West Broadway Avenue, Spokane
